

## HOW TO SPONSOR A BANNER

The success of the Owen Sound Art Banner Project depends a great deal on the generosity of its sponsors, including the individuals and companies who sponsor the art banners each year.

To become a banner patron, fill out the form overleaf and mail or deliver it with your cheque for \$100, made payable to Owen Sound Art Banner Committee, to the address below.

The art banners will be exhibited outdoors along the harbour walkway from late May to October. Over the winter, they may be exhibited in public buildings and at special events. Banner patrons are invited to pick up their sponsored banners the following spring at our annual banner launch event.

# owen sound art banner annual exhibition

The Owen Sound Art Banner Project is an annual street art exhibition showcasing the work of local artists on street banners displayed along Owen Sound's harbour walkway. Artists in Grey and Bruce counties are invited to submit their work each year for the juried selection. Patrons are invited to sponsor the banners.

## HOW TO SUBMIT YOUR WORK

Artists may submit up to two works, as digital images. Images must be in print-ready jpeg format, a maximum of 2000 pixels high by 2000 pixels wide. Images not meeting these requirements will be rejected. Note that final banner images can be up to 24 inches high by 18 inches wide, so vertical images will work best.

Selection of images for the exhibition will be made by a panel of judges; only one work per artist will be selected.

One banner will be produced for each work and all banners are available for sponsorship by Art Banner patrons. Artists will have the first opportunity to sponsor their own banner.

Please complete the form overleaf and include it with your submission.

annual exhibition

Since 2009, the Owen Sound Art Banner Project has been proud to celebrate the talent and success of our local art community by showcasing their works on professionally produced banners throughout Owen Sound.

The Owen Sound Art Banner Project Committee is a group of local volunteers actively building broad community support and participation in the project. In addition to adding artistic value to the downtown streetscape, this exhibition increases tourist interest and civic pride in downtown Owen Sound and the surrounding area.

The images displayed on the banners are selected by a volunteer committee that includes local artists.

The banners are funded by art patrons, who receive them at the end of their public display period. This process keeps interest high, and creates an annual stream of fresh images.
